---

17. Overall MVP User Journey

The complete FloorballKenya.com MVP can be summarized as:

text

Recommended MVP Task Flows for Your Documentation

You don't need to include every possible task

in the final university report. I would prioritize these 10 core flows:

1. User Registration/Login
2. Team Registration
3. Player Registration
4. League Registration
5. Fixture Creation
6. Recording Match Results → Automatic Standings
7. Tournament Registration
8. Vendor Registration & Product Addition
9. Customer Purchase → M-Pesa Payment
10. Administrator Dashboard & Reports
